**BIG SUCCESS!**

After making the huge decision to work from home and convert half of our garage into a salon - I'm so happy to say that it's been a big success!

I love working in there and have had lots of positive feedback about it. Thank you for your continued support and keeping my business alive in these difficult few years. You are all greatly appreciated.

## PRICE FREEZE

I am freezing my prices for the second year running to help everyone with the current financial climate. If you're finding things difficult, please speak to me and we can discuss options.

# Thank you!

Thank you for all your kindness and emotional support over the last 6 months after losing my brother in February. It's been a very sad and difficult time but working has been a required distraction and being able to talk with some of you has helped so much.

## CHANGE OF HOURS

From January I will be working on Tuesday evenings and stopping Thursday evenings. If this is an issue for any of my evening clients, please let me know. My working hours from January will be:

**Tuesday:** 9:30am - 3pm & 7 - 9pm  
**Thursday:** 9:30am - 3pm  
**Friday:** 9:30am - 6:30pm

## HOLIDAYS

Please note that I'm having a much needed break from 24th October to 2nd November. I will not be responding to calls, texts, emails or any social media.

I will also be closing for Christmas and New Year. I will finish work on 23rd December and start again on 5th January. This date is also my 'Business Birthday' and Hone will be 11 years old! December appointments are filling up fast so make sure you book in asap.

## SKIN CARE AT HOME

Remember to purchase your Ruff Stuff Scrubs and Outback Organics lotions from me. Keep your skin in the best condition between appointments and help prevent spots and ingrown hairs.
